GA SERVICE LAB

GA Service Lab Highlights

- Extensive testing options covering allergies, intolerances, vitamin deficiencies, diabetes and autoimmunity
- Sampling at lab, practice or home and easy shipping
- Analysis and evaluation at GA Service Lab in an ISO 13485 certified environment
- Secure reporting and transmission of test results

YOUR RELIABLE PARTNER IN DIAGNOSTICS

20 Years of Experience, 150 Partners in more than 100 Countries

GA Service Lab

How does it work?

GA Generic Assays GmbH has launched the new **GA Service Lab** dedicated to enhancing diagnostic capabilities for routine laboratories and medical practices.

The **GA Service Lab** offers comprehensive analysis, covering serum, whole blood, saliva, urine samples or dried blood spot (DBS). With our validated sampling kits, collecting DBS at home is effortless, eliminating the need for physician-administered venipuncture.

The specimens can be shipped directly to **GA Service Lab** in Germany sometimes even via regular mail. Alternatively, local collection centers may be established to transmit batches of specimens ensuring optimal sample stability through faster delivery times.

Samples are promptly processed for analysis upon delivery. **GA Service Lab** guarantees in vitro diagnostic analyses of highest quality across a wide range of parameters, using CE-marked in vitro diagnostic test kits. The portfolio address different areas ranging from allergies, intolerances, vitamin deficiencies, diabetes and autoimmunity. Our highly skilled and well-trained team operating within an ISO 13485 environment relies on tests of proven quality.

The test results obtained by **GA Service Lab** are comprehensively presented and transmitted via secure interfaces

Test Portfolio

Analysis performed by GA Service Lab

	Indication	Parameter	Sample Matrix
Diabetes and Diet Indicators			
1	Diabetes	HbA1c, anti-GAD, anti-IA2, anti-insulin	DBS or Serum
2	Amino Acid Panel	26 Parameters	DBS
3	Fatty Acids Panel	30+ Fatty Acids and Ratios	DBS
Thyroid Disorders			
4	Thyroid Status	fT3, fT4, TSH	DBS
5	Thyroid Ab Hashimoto	anti-TPO, anti-Tg	DBS
6	Thyroid Ab Basedow	anti-TSH receptor	Whole Blood
Autoimmunity			
7	Rheumatology	> 35 Parameters	Serum
8	Hepatology	13 Parameters	Serum
9	Anti-Phospholipid Syndrome	10 Parameters	Serum
10	Neurology	Anti-Gangliosides, Anti-MuSK	Serum
11	Nephrology	Anti-Factor H, anti-GBM	Serum
Allergies and Intolerances			
12	Allergy	90 Allergens	DBS
13	Food Intolerance	220 Food Allergens	Whole Blood
14	Celiac Disease	tTG, Deamidated gliadin, EmA	DBS
15	Histamin Intolerance	DAO	DBS
Vitamin Deficiencies			
16	Active-Vitamin B12	Holotranscobalamin	Whole Blood
17	Vitamin D	25-OH Vitamin D2 / D3	DBS
18	Vitamin A	Vitamin A	DBS
19	Vitamin E	Vitamin E	DBS
20	Provitamins	Q10	DBS
21	Iron deficiency	Ferritin	Whole Blood
Cardiovascular Risk			
22	Cholesterol	Total Cholesterol/LDL/HDL/TG	Whole Blood
Hormones and Stress Indicators			
23	Stress	Cortisol, Testosterone	Saliva
24	Serotonine	Serotonine / Creatinine	Urine
25	Estrogen Levels	Progesterone / β -Estradiol	Saliva

DBS = Dried Blood Spot

GA SERVICE LAB SEND-IN TESTING FOR LAB, PRACTICE OR END-USERS

- Comprehensive test portfolio (allergies, intolerances, vitamin deficiencies, diabetes and autoimmunity)
- Sampling at lab, practice or home and easy shipping
- Analysis and evaluation in Germany by GA Service Lab in an ISO 13485 certified environment
- In vitro diagnostics of the highest quality
- Safe result transmission via secure interfaces
